Alila Creative	12-13
Le Vista	14-15
Minka Mobilya	16-17
Moxx Tiny House	18-19

# Welcome to Palmar Group

In this journey, which we started as Vatra Import & Export, our first company in 2020, we decided to gather all our businesses under the umbrella of Palmar Group in 2023 due to the increase in the number of companies that we have established and that we have made distributor

Since day one we have relentlessly pursued a better way. It is our incredible breadth, scale, and diversity of experience that enables us to quickly and effectively respond to market needs and challenge the status quo.

Being an independent private company has given us a very strong philosophy based on the long-standing values of loyalty, integrity, and a whole-hearted commitment towards real expertise. Our cultural structure, which focuses on continuous development, is core to the business.

With our energetic and experienced team, we represent a high reputation, trust, and strong financial structure in every field we are in, and we continue our efforts to continue our success and to sign new projects with our business partners.

We aim to carry out actions that will be beneficial to the society and the country's economy with our international experience, wide service, knowledge and cooperation network.
